The Hakone Forum was held on July 31 and August 1, 1992 in Hakone, Japan. Led by James Burke, John Sculley, and visually documented by David Sibbet, a group of over 100 information technologists gathered together at the Hakone Forum to develop a shared vision for a New Media industry which included the creation of NMC.

The NMC became incorporated in California on 8/4/94.

Over the past years, NMC has collaborated in many projects with other organizations.

At its peak, the NMC Campus Project spanned a total of 110 islands.

The NMC Horizon Project was founded in 2003. Here's a glimpse of all of the topics that have appeared in the NMC Horizon Report series.
