## K-12 Member Benefits

### Learn

- > **Horizon Project Navigator**  
Keep up to date on all things edtech with Navigator, the world's largest database of edtech projects, technology research and news found anywhere. Navigator feeds the research in the *NMC Horizon Report* series and the NMC Horizon EdTech Weekly App.
- > **NMC iTunes U Collection**  
Access the entire library of NMC videos, reports, research, and related documents in the most comprehensive online collection of edtech resources available. Access the *Emerging Leaders* series, *Ideas That Matter*, *Six Minutes with...*, *Five Minutes of Fame*®, and keynote videos from every NMC Summer conference.
- > **NMC Research Reports and White Papers**  
Download your picks from a growing catalog of research-based publications that analyze the landscape of emerging technologies and new learning approaches. Members read them first — and have unlimited distribution, duplication, and even remix rights!
- > **NMC Horizon Connect Webinars**  
Learn from industry groundbreakers and keep up-to-date on the latest ideas and techniques online — whenever you want, wherever you are.

### Engage

- > **NMC Horizon Project**  
Participate in key edtech discussions, serve on the Advisory Board or help curate content for the *NMC Horizon Report* — a series with a readership of two million people across 156 countries.
- > **NMC Summer Conference**  
Participate in the annual edtech meeting for professional development, the exchange of new ideas, and keynote addresses from groundbreaking innovators like Joi Ito and Kristina Woolsey, and NMC Fellows Award recipients, which have included Vint Cerf and Lord David Puttnam.
- > **Campus Leaders Advisory Board**  
The C-LAB is the NMC's select group of campus technology leaders and champions — and the people the NMC looks to to chart the goals and priorities for the NMC. Join the C-LAB and be part of the future!

"The NMC provides K12 decision makers with an easily digestible, balanced, global view of existing edtech best practices, and a glance into the future of edtech."
